# Parrots

Parrots live where it is \_\_\_\_\_ all the time. Most parrots have brightly coloured \_\_\_\_\_. They are \_\_\_\_\_ and intelligent birds. They are also popular \_\_\_\_\_. Many parrots can be taught to \_\_\_\_\_. These parrots are macaws. Macaws are the \_\_\_\_\_ parrots in the world.

A heavy, powerful \_\_\_\_\_ helps the bird crack open and eat nuts, seeds, and fruit.

Colourful \_\_\_\_\_ help the macaw blend in with the leaves, flowers, and fruits of the rain forest.

Strong \_\_\_\_\_ help the macaw to grab fruit and nuts and climb trees.

**It's a fact!**

The \_\_\_\_\_ can learn new phrases with only a few hours of teaching.
