## Sloth

A sloth spends most of its life hanging upside down, fast \_\_\_\_\_. When this strange-looking creature wakes up, it slowly crawls along its branch, looking for \_\_\_\_\_ to eat. About once a \_\_\_\_\_, it creeps down the tree trunk to the ground.

A sloth uses its \_\_\_\_\_ so that it doesn't fall.

Shaggy hair helps \_\_\_\_\_ to run off easily.

A baby sloth clings to its mother's \_\_\_\_\_, where it is safe.

A sloth hardly ever \_\_\_\_\_! Green slime grows on its hair.
