# Snowplough

When lots of \_\_\_\_\_ falls, it can block busy roads and railroad tracks. It may even stop you from going to school! A \_\_\_\_\_ makes a path through the deep snow so that \_\_\_\_\_ can move safely again.

Bright \_\_\_\_\_ help the driver to see ahead.

A long funnel blows the \_\_\_\_\_ far away from the road.

Windshield wipers quickly \_\_\_\_\_ falling snow off the driver's window.

Some snowploughs have \_\_\_\_\_ that pull the snow out of the drifts and into the blower.

Strong \_\_\_\_\_ grip the slippery road. They stop the wheels from skidding.
