

To help you complete this worksheet, use the *What Living Things Need* book.

Web of life

All plants, animals, and people are _____. We call this connection the web of life. People and animals depend on _____ for food. Plants also make the _____ we breathe. In turn, animals help to spread _____ to make new plants. Plants also need the _____ people and animals breathe out.

_____ help to keep soil healthy. Their body waste gives the soil nourishing things that help new plants to grow.

The _____ is at the centre of the web of life. Animals and plants need the sun to survive.

_____ and other plants provide food for many animals.

_____ drink a sugary liquid from flowers. They also help to spread pollen that plants need to make new plants.

_____ provide us with eggs to eat. Many people also eat meat from chickens.
